

Please choose the number from the following list which corresponds to your exhibit, and fill it in the under the exhibit column of the separate form "SPECIFICATIONS OF EXHIBITS".

Band Sawing Machinery

- 101 Barkers
- 102 Bandmills
- 103 Table band resaws
- 104 Horizontal band resaws
- 105 Band saw machines with carriage
- 106 Twin band saw machines
- 107 Tandem band saw machines
- 108 Feeding equipment for band saw machines
- 109 Twin circular saw machines
- 110 Single rippers
- 111 Twin rippers
- 112 Multiple rippers
- 113 Gang rippers
- 114 Edgers
- 115 Double edgers
- 116 Conveying equipment for sawmill
- 117 Sorting equipment
- 118 Band saw joining machines
- 119 Saw setting devices
- 120 Automatic stellite tipping machines
- 121 Saw sharpeners
- 122 Tensioning machines for sawblades
- 123 Chippers
- 124 Other band sawing machinery

Veneer and Plywood Manufacturing Machinery

- 201 Log moulders
- 202 Veneer lathes
- 203 Veneer reeling and unreeling equipment
- 204 Veneer clippers
- 205 Veneer knife grinders
- 206 Veneer dryers
- 207 Joining machines with veneer dryers
- 208 Veneer patching machines
- 209 Tenderizers
- 210 Veneer constructing machines
- 211 Wide belt sanders
- 212 Drum sanders
- 213 Stackers
- 214 Roller presses
- 215 Coating machines
- 216 Other veneer and plywood manufacturing machinery

Woodworking Machinery

- 301 Circular saw benches
- 302 Circular saws with tilting table

- 303 Circular saws with tilting arbor
- 304 Circular saws with sliding table
- 305 Travelling cross cut saws
- 307 Running saws
- 309 Radial saws
- 310 Miter saws
- 311 V-cut saws
- 312 Corner-cut saws
- 313 Rip saws
- 314 Twin rip saws
- 315 Gang rip saws
- 316 Double saws
- 317 Double sizers
- 318 Multiple sizers
- 319 Trimming saws
- 320 Band scroll saws
- 321 Fret saws
- 322 Hand feed planers
- 323 Levelling and thickening planers
- 324 Levelling and thickening planers with right angle
- 325 Levelling, thickening and moulding planers
- 326 Single surface planers
- 327 Double surface planers
- 328 Three side planers and moulders
- 329 Four side planers and moulders
- 330 Double surface planers with right angle
- 331 Moulders
- 332 Super surfacers
- 333 Grain-wise slicers
- 334 Ordinary type wood milling machines
- 335 Spindle shaping machines
- 336 Routers
- 337 Copying routers
- 338 Numerical control routers
- 339 Machining centers
- 340 Carving machines
- 341 Graining machines
- 342 Dovetail machines
- 343 Multi-head tenoners
- 344 Double end tenoners
- 346 Couplings processors
- 347 End matchers
- 348 Wood borers
- 349 Multi-spindle wood borers
- 351 Hollowchisel mortisers
- 352 Chain mortisers
- 353 Numerical control mortisers
- 354 Ordinary type wood lathes
- 355 Wood surfaces lathes
- 356 Wood multi-cut lathes
- 357 Wood copying lathes
- 358 Round bar making machines
- 359 Belt sanders
- 360 Wide belt sanders
- 361 Drum sanders
- 362 Turning sanders

- 363 Spindle sanders
- 364 Disc sanders
- 365 Wheel polishing sanders
- 366 Profile sanders
- 367 Numerical control sanders
- 368 Laser processing machines for woodworking
- 369 Glue spreaders for woodworking
- 370 Cold presses for woodworking
- 371 Hot presses for woodworking
- 372 Formed surfaces presses
- 373 Frame sticking machines
- 374 Forming machines
- 376 Laminaters
- 378 Frame clamps
- 379 Carcase clamps
- 380 Nailing machines
- 381 Other joining machines
- 382 Dowel driving machines
- 383 Scarf jointers
- 384 Finger jointers
- 385 Gluing unit equipment
- 386 Other gluing machines
- 387 Vertical joining presses
- 388 Horizontal patching presses
- 389 Compound presses
- 390 Forming presses
- 391 Universal wood lathes
- 392 Thickening gang rip saws
- 393 Sizing borers
- 394 Boring dowel driving machines
- 395 Saw sharpeners for woodworking
- 396 Hand feed knife grinders
- 397 Tool grinding machines for woodworking
- 398 T.C.T.saw brazing machines
- 399 Cemented carbide tool grinders for woodworking
- 400 Other woodworking machinery

Forestry Machinery

- 451 Feller bunchers
- 452 Skidders
- 453 Processors
- 454 Harvesters
- 455 Forwarders
- 456 Mobil tower yaders
- 457 Swing yaders
- 458 Other high-performance forestry machinery
- 461 Yaders
- 462 Chain saws
- 463 Bush cutters
- 464 Tractors
- 465 Wheel controlled carriages
- 466 Monorails
- 467 Hedge trimmers
- 468 Radio controlled carriages
- 469 Cable ways

- 470 Winches
- 471 Crushers
- 472 Other forestry machinery

Related Products

- 501 Knives and saws / Tungsten carbide tips
- 502 Dust collectors / Cyclones
- 503 Incinerators / Boilers
- 504 Drying machines
- 505 Coating machines
- 506 Crushing machines
- 507 Saw-dusting machines
- 508 Conveyors and feeders / Auto feeders
- 510 Electric portable tools
- 511 Air tools / Air tackers / Nailers
- 513 Plastic working machines / Light-alloy working machine
- 515 Laser marking projectors
- 516 Testers and instruments
- 517 Tools and parts
- 518 Wood products
- 519 Adhesives / Painting / Sanding & Grinding products
- 520 Programming equipment
- 521 Other related equipment

Environment Preservation Equipment

- 551 Pollution prevention equipment
- 552 Zero emission equipment
- 553 Recycling equipment
- 554 Construction wasted material processing equipment
- 555 Wood wasted material processing equipment
- 556 Crushers
- 557 Shredder dust processing equipment
- 558 Solid fuel processing equipment
- 559 Solidification equipment
- 560 Carbonization equipment
- 561 Air cleaners
- 562 Industrial wasted material processing equipment
- 563 Wasted fluid and oil processing equipment
- 564 Organic nature waste processing equipment
- 580 Analyzers
- 581 Surveying instruments
- 582 Measuring instruments
- 590 Information management systems
- 595 Ecology products
- 596 Recycling products
- 599 Other environment preservation equipment

Others

- 601 Associations / Institutes
- 602 Publishers
